INSTRUCTIONS FOR USE

The ROTA CUSHION is designed for seated transfers only. Place the cushion on chair or car seat and sit directly on the cushion. The swivel action of the cushion allows you to rotate smoothly into the correct position on the chair or car seat with minimum effort.

DIMENSIONS:

Diameter:	Standard	– 380mm
	Large	– 450mm

MATERIALS:

Cotton outer.
Nylon inner.
Steel rotating disc with velcro attachment.

CARE & USE:

Machine wash up to 71°C.
Wash coloureds separately.
Before washing remove the steel disc and replace once the fabric cushion has been laundered.

IMPORTANT:

All patient moving and handling tasks should be carried out in accordance with approved patient handling techniques and after a full assessment of the patient, the task and the environment in which the operation is to take place.
